1. [REDACTED] THIRD AGENCY Cliff Fowler, GAO, called regarding our 25 October letter to GAO Energy and Minerals Division Director J. Dexter Peach concerning our review of their classified report on [REDACTED] for possible declassification. Fowler said that we failed to indicate at which level we felt the report was classified and also wanted to know if each and every page had to be stamped. I advised him that the proper level for the classification of this report was Secret and that indeed each page of the report should be stamped accordingly.

[REDACTED] LIAISON Mr. Lee Gossick, Executive Director of Operations, NRC, and members of his staff, Robert Burnett, Thomas Carter, and Ralph Page, reviewed the CIA documents on [REDACTED] which were reviewed by Dr. Henry Myers, Staff Assistant, House Interior and Insular Affairs Subcommittee on Energy and the Environment, from 10:00 a.m. to 12:30 p.m. today in the C&R Conference Room, 6D0120. They completed their review without comment and without taking any notes. As a further follow up to NRC Chairman Joseph Hendrie's call to the DCI, Mr. Gossick requested that arrangements be made for the documents to be reviewed by the NRC Commissioners in their offices. He furnished a list of the Commissioners and their telephone numbers and requested that they be contacted directly. (See Memorandum to [REDACTED])
